Collaborative Institutional Training Initiative (CITI) Instructions

To ensure that the SIUC research community is compliant with the various regulations that govern federally-funded research and researchers are appropriately informed of these regulations, the Office of Research Compliance offers online training in the following areas:

- Human Subjects Research (IRB)
- Laboratory Animal Welfare (IACUC)
- Responsible Conduct of Research (RCR)
- Conflicts of Interest (FCOI)
- Biosafety/Biosecurity

To access the appropriate training module, proceed with the following steps:

1. Go to the Collaborative Institutional Training Initiative website (www.citiprogram.org).
   - For new users, click on, “Register” Continue to Step 2 (below).
   - For existing users:
     i. Log in with your user name and password
     ii. Choose Southern Illinois University Carbondale Courses
     iii. Choose “Add a Course or Update Learner Groups”

2. Select your Organizational Affiliation (Southern Illinois University Carbondale), agree to Terms of Service, affirm you are affiliated with SIUC, and click “Continue to Create Your CITI Program Username/Password.”
3. Enter your personal member information in Steps 3-6 and click “Continue to Step 7.”

4. On the Select Curriculum page, choose the appropriate courses from the following options:

   a. Human Subjects Research
      * Required if conducting research on humans
      Choose Social & Behavioral Research Investigators. Only this module will satisfy the Institutional Review Board training requirements.

   b. Laboratory Animal Welfare
      * Required if conducting research involving non-human animals
      i. If required, complete:
         1. Working with the IACUC, Minimizing Pain and Distress, SIUC Animal Care
         2. Any available species specific module relevant to your research

   These three are REQUIRED
c. Responsible Conduct of Research
*Required for trainees, fellows, and scholars receiving support from an NIH, NSF, or USDA-NIFA awards (see the ORC website for additional information).
   i. If required, choose the module most relevant to your field of study
   ii. If not required, choose “Not at this time.”

</thead>
</table>
| Please make your selection below to receive the CITI US Export Control Regulations course.  
Choose one answer.  
- CITI Export Controls  
- Not at this time. |
f. Biosafety/Biosecurity

* Recommended for investigators engaged in research that may or does involve biosafety issues.

5. Click on “Complete Registration” to begin your training modules.

If you have any questions regarding CITI training please contact the Office of Research Compliance (orc@siu.edu, 453-4530).

**For animal researchers wishing to update training (have already completed the three required modules)**

If you have previously completed the Citi training modules, and your training has expired, you are only required to repeat the Working with Animals in Biomedical Research – Refresher Course module. To locate the Refresher Course, log in to Citi platform and select My Courses. Scroll to the bottom of the page where there is a section entitled My Learner Tools for Southern Illinois University Carbondale. Click the first item called Add a Course. Scroll to Section 2, Laboratory Animal Welfare. Select the refresher course, scroll to the bottom of the page, and click SUBMIT. You will see Working with Animals in Biomedical Research – Refresher course listed in the courses ready to begin section.
